SIMON R. MURCIA

RUBY ON RAILS DEVELOPER

Rails developer who ships production SaaS.
Cut report latency 85% at Supra, built TikTok-trend analysis tools, mentored 3 juniors.
Rails 7 · Postgres · Sidekiq · Hotwire · now deep-diving AWS & Docker.

Projects

Chatbotty — Real-time AI chatbot

Rails · GPT-4 · WhatsApp API

Handles browser and WhatsApp sessions with auth, context persistence, and speech integration (STT/TTS).

[Live demo](#) | [GitHub](#)

TimeWallet – 24h work/life/sleep tracker

Rails · Hotwire · PostgreSQL

Strict 24h tracker with state-machine-enforced work/life/sleep modes. 95% test coverage, used daily in production for 50+ days.

Skills

Languages & Frameworks:

Rails 7 ★, Ruby 3.* ★, SQL, JavaScript

Frontend & UI:

Turbo ★, Stimulus ★, Tailwind, React

Cloud & DevOps:

Heroku ★, AWS (EC2, S3) ★, Docker, GitHub Actions (CI/CD)

Experience

Ruby on Rails Engineer — SUPRA (2024-2025)

Marketing CRM used by enterprise clients including Warner and Sony.

- **Cut report load time** from 8s → 1.2s by eliminating N+1 queries and optimizing ActiveRecord associations.
- **Shipped a TikTok trend-analysis module** end-to-end for a Fortune 100 client, from idea to production.
- **Redesigned database schema** across multiple releases, with safe rollback paths to support custom permission-based access control (PBAC).
- **Mentored junior developers** through weekly pairing, PR reviews, and onboarding support — improving dev velocity across the team.

Education

Computer Science Studies (2022-2024)

- ITBA (Buenos Aires Institute of Technology)

Web Development Bootcamp (2024) | Le Wagon
